

Upcoming Professional Development Opportunities:

- ◆ College Board **Higher Ed. Colloquium**- Jan. 7-9, 2017, Delray Beach, FL
- ◆ 2017 **Texas Assessment & TACTP Conference**- Feb. 19-22, 2017, Austin, TX
- ◆ College Board **Southwestern Regional Forum**- Feb. 22-24, Houston, TX
- ◆ **ACCUPLACER/CLEP Conference**- June 20-22, 2017, New Orleans, LA

These conferences and workshops provide great professional development opportunities for individuals involved in all aspects of testing services.

TACTP is a non-profit organization for individuals who have an interest in or responsibility for administration of educational and psychological testing and assessment programs at Texas colleges and universities.

This organization primarily focuses on and offers support for issues affecting testing services such as accommodating students with disabilities, test center data/research, logistics/exam security, use of technology in assessment, testing center best practices, strategies for new vs. veteran assessment professionals, and the use of assessments in determining college readiness.

Benefits

- ◆ Network with colleagues from other Texas Higher Ed. Institutions
- ◆ Learn/share best practices in testing services
- ◆ Stay abreast of the latest state testing updates
- ◆ Gain access to state and national professional development activities

Our Mission:

The Texas Association of Collegiate Testing Personnel:

- Promotes, implements, and evaluates standards for professional practice
- Disseminates information relevant to professional concerns of test administrators and personnel through conferences, workshops, printed material and other media
- Promotes the application of high standards in the development, selection, evaluation, administration, and utilization of tests
- Promotes continuing education in testing and assessment topics that will extend the knowledge and competency of members of the association
- Strives to foster public understanding of the value, role, limitations, of testing and assessment programs as they are applied in Texas colleges and universities.
